

December 15, 2024

Dear Patients,

It has been one year since my office permanently closed on December 16, 2023.

If you need prescription refills, you will need to contact either your new allergist or PCP. I am no longer refilling prescriptions.

All medical record requests will only be accepted by email sent to recordrequest@pghallergy.com. The office telephone and fax numbers will be disconnected shortly.

Once again, my office staff and I would like to thank you for trusting us with your allergy care. We continue to wish you all of the best.

Sincerely yours,

Jerry Lynn MD
